In January, 2020 John and Joyce Wanda, AAH's Co-Founders, led a trip to Uganda to celebrate AAH's 15th Anniversary.

Students in Uganda Score Highest Marks!

We are thrilled to report that our students have scored 8 in 8 and a total of 10 in the 10 subjects. This is the first time our students have reached this level, and we are so proud of their hard work. This achievement is due to the commitment of our students, their teachers, and support from our sponsors - and their encouragement they offer. Thank you for your continued support!

Travel to Uganda with AAH!

Each year, AAH offers opportunities for supporters to travel to Uganda with us to visit our program and volunteer at Arlington Junior School and at the Beatrice Tierney Health Clinics. Traveling with AAH to Uganda is an opportunity to explore and stay in Africa at a relatively low cost and to contribute your talents to a meaningful program.

Adult and Family Trip: July 1 - 15, 2020
